- Traction Control

The 2011 Dodge Durango is all new from the ground up. Riding on a unit body platform (the old model was body-on-frame), the Durango is now a more solid, stable and quiet vehicle. The new Pentastar 3.6-liter V6 engine serves as the standard power plant, with a 5.7-liter HEMI V8 as an option. In an attempt to please everyone, Dodge offers the Durango in four distinctly different trims: Express, R/T, Crew and Citadel. AUTO GALLERY SUBARU is located in Regina Saskatchewan. Our team is
