the 2015 Nissan Juke seemingly shouts Look at me! Though its styling may be controversial, there's no denying that this compact crossover looks like nothing else in the small car segment. Under the skin, you'll find a little runabout with a fun-to-drive personality to match its visual flamboyance. Most cars in this price range can be rather humdrum, but not the Juke. Boasting standard turbocharged power and a sport-tuned suspension, this Nissan provides a responsive and engaging drive.
