The Focus is one of the oldest cars in its class --- its last redesign was back in 2012 --- but Ford has kept it fresh through the years. A good example is the Focus' optional Sync 3 infotainment touchscreen interface. It's easy to use and is packed with features, including Apple CarPlay and Android Auto smartphone integration. Even if you don't get that feature, though, the Focus will impress you. It's one of the more enjoyable cars to drive when it comes to driving around turns, yet it's also suitably quiet and
