The Ford F-350 6-speed automatic has big, strong gears that easily handle the heavy torque demands of the turbo diesel and gas engines. Fewer rpm are required because the torque converter locks up at lower speeds. The SelectShift feature includes progress range select (for overdrive lockout) plus full manual. Tow/Haul minimizes gear hunting uphill; downhill, it prevents upshifting and gaining speed, and reduces reliance on brake pressure to slow the vehicle. AUTO GALLERY SUBARU is located in
